

AI Strategy – your next steps explored!

Markus Bernhardt

Why L&D Leaders Need an AI Strategy

AI is rapidly changing how organizations approach learning and development. To stay competitive, L&D leaders must have a proactive AI strategy focused on leveraging technologies like machine learning and natural language processing to enhance training personalization, optimize content, and provide predictive insights. An AI strategy enables L&D to scale impact, drive innovation, and prepare the workforce for the future.

Tools and Tips to Bring Back Home

[Group Leader, please summarize a few key takeaways for your 10-minute presentation.]
