

ENGAGE & GAMIFY with Kahoot!

Ed DesRosiers

Improve Learning Experiences by engaging and gamifying with Kahoot!

Kahoot! delivers an engaging, gamified learning experience that energizes sessions and boosts participation, knowledge retention and motivation among modern learners. Studies show gamification improves learning outcomes by over 40%. With features like points, music and leaderboards, Kahoot! adds fun competition to make learning interactive and increases application back on the job. For L&D professionals, Kahoot! provides ready-to-use games and tools to create customizable quizzes branded to any enterprise. By enabling trainers to source real-time feedback and track learning analytics, Kahoot! is a valuable platform for enterprises and business L&D leaders looking to modernize their programs.

Tools and Tips to Bring Back Home
